This is to certify that **Trinity College of Engineering and Technology**, Peddapalli–505172, has implemented a **Rain Water Harvesting (RWH)**.

Key initiatives undertaken include:

1. **Rainwater Collection** – Installation of **RWH structures** such as rooftop harvesting systems, recharge pits, and storage tanks to collect rainwater from campus buildings and paved areas.
2. **Groundwater Recharge** – Harvested rainwater is directed to **recharge wells and bore wells** to replenish groundwater levels in and around the campus.
3. **Water Conservation Measures** – Integration with **drainage systems and landscaping** to maximize water use efficiency and reduce surface runoff.
4. **Awareness and Education** – Conducting programs and workshops for students and staff on **water conservation, rainwater harvesting techniques, and environmental sustainability**.
5. **Monitoring and Maintenance** – Regular inspection and cleaning of RWH structures to ensure **optimal functionality and safety**.

Yours faithfully,
