This is to certify that **Trinity College of Engineering and Technology**, Peddapalli–505172, facilitates **teachers to undergo pedagogical training in accordance with the NITTT (National Initiative for Technical Teachers Training) guidelines** to enhance **teaching effectiveness, academic quality, and student learning outcomes**.

Key initiatives undertaken include:

1. **Identification of Eligible Faculty** – Selection of faculty members from various departments for **NITTT-certified pedagogical training programs**.
2. **Support for Online/Offline Training** – Providing **access to necessary infrastructure, internet facilities, and time allocation** to ensure successful completion of NITTT modules.
3. **Mentorship and Guidance** – Senior faculty guide participants in **understanding course content, pedagogy best practices, and applying learning's in classroom teaching**.
4. **Monitoring and Documentation** – Maintaining records of **faculty participation, completion certificates, and implementation of pedagogical improvements**.
5. **Implementation of Learning's** – Encouraging faculty to integrate **innovative teaching techniques, active learning, and outcome-based education practices** into their courses.

Yours faithfully,

Principal
Trinity College of Engineering and Technology
Peddapalli–505172
