This is to certify that **Trinity College of Engineering and Technology**, Peddapalli–505172, actively encourages its students to take up **internships, project work, and research activities** in areas related to the **Indian Knowledge System (IKS), Traditional Technologies, and Disaster Management**.

The institution undertakes the following initiatives to promote participation:

1. **Awareness and Orientation** – Conducting workshops, seminars, and counseling sessions to introduce students to opportunities in IKS, traditional knowledge systems, and disaster management.
2. **Mentoring and Faculty Guidance** – Faculty members guide students in identifying relevant project topics, methodologies, and potential organizations or research centers for internships.
3. **Collaboration with Institutions and Organizations** – Facilitating partnerships with government bodies, research institutes, NGOs, and industry for internships, fieldwork, and project opportunities in disaster management and IKS domains.
4. **Skill Development and Training** – Organizing training sessions on **research methodology, traditional knowledge documentation, data collection, and disaster preparedness techniques**.
5. **Monitoring and Documentation** – Maintaining records of student participation, project reports, internship certificates, and outcomes for continuous assessment and AICTE compliance.
6. **Encouragement for Innovation and Research** – Motivating students to develop innovative solutions, prototypes, and case studies that apply Indian Knowledge System principles or disaster management strategies to real-world problems.

Through these efforts, the institution aims to **foster interdisciplinary learning, societal responsibility, research aptitude, and employability skills**, while aligning with AICTE's vision of promoting knowledge-based, socially relevant, and sustainable education.

Yours faithfully,
